Last year more than 175 volunteers, age 14 or older provided a single day of service to 18 local non-profit organizations that asked for help with 30 projects that could be done in a single day. The volunteers contributed a total of more than 1,000 hours of labor at an estimated dollar value of \$10,000. Some volunteers were so impressed by the work of the organizations they helped, that they went back to help again and again over the course of this past year.
